

# Our Improvement Priorities 2024-25

01

Improvement in all children and young people's wellbeing:

Relentless focus to support attendance for all learners to increase opportunities for learner engagement and raise attainment for all.

## What will we do...

- Increased focus on attendance & late coming
- Consistent approaches to P.E. across the Armadale Cluster
- Refresh Health & Wellbeing Strategy for the school, ensuring the wellbeing of all stakeholders is supported
- Continue with RRS journey to Gold

02

## What will we do...

- Introduce Building Thinking Classrooms across the setting to increase learner engagement
- Embed agreed cluster assessment framework
- Enhance our approaches to reading across the setting, including working towards reading schools accreditation.

Raising attainment for all, particularly in literacy and numeracy:

Ensure formative and summative assessment approaches evidence learner progress with a focus on pace and challenge.

03

Improvement in employability skills and sustained, positive school leaver destinations for all young people:

Develop effective systems for profiling with learner voice at the heart.

## What will we do...

- Develop approaches to profiling from P1-7, to capture learner successes and plan next steps.
- Enhance curriculum offer with consistent approaches to high quality outdoor learning, supported by partnerships.
- Enhanced approaches to high quality expressive arts learning experiences
